

# COVID-19 RAPID TESTING FOR YOUR COMPANY ADMINISTERED BY LICENSED NURSES

## AVOID WORKPLACE EXPOSURE

### GS LABS PROVIDES:

- The ability for your company to have staff tested routinely.
- Results in as little as 20 minutes.
- Economical out of pocket payment options.
- Company discounts when purchasing bulk tests in advance.

### IDEAL FOR:

- Office environments
- Manufacturing plants
- Food and beverage professionals
- Traveling salespeople
- Concierge technicians

Ensure your employees are in the safest environment possible.  
**Your test is only as accurate as the sample you provide.**  
Our rapid antigen test reports a sensitivity of 88%.

### RAPID COVID-19 TESTING ALLOWS:

- Your employees to have reassurance knowing their coworkers are testing regularly.
- Same-day appointments, and the ability to schedule every three minutes, seven days a week.

### RAPID COVID-19 TESTING REDUCES:

- Fear of re-entering the workplace.
- Employees receiving unnecessary days off while waiting for results.
- Employees spreading the virus as they will be testing even before they begin to show symptoms.
