Ohio Phase 2C COVID-19 Vaccine Distribution

Governor Mike DeWine has announced the individuals who are included in **Phase 2C** of Ohio's vaccination plan, which will begin on Friday, March 19, 2021. **Phase 2C** will expand eligibility to include Ohioans ages 40 and older.

Phase 2C

Vaccinations for Phase 2C will begin on Friday, March 19. Because the risk of more severe illness and outcomes of COVID-19 increases with age, Phase 2C will extend age-based eligibility to individuals age 40 and older. This group includes approximately 818,000 Ohioans between ages 40-49. Eligible individuals can receive a vaccine from the provider of their choice.

AGE ELIGIBILITY

Individuals age 40 and older.

Individuals age 50 and older previously eligible under Phase 1B, Phase 2A or Phase 2B who have not yet received the vaccine remain eligible under Phase 2C.
